REMARKS

The above typographical error of the phrase "kilobytes per second" is evident from the specification, page 6, where it is clearly stated that applicants are using encoding of "128,000 bits per second" last line, which, of course, is 128 kilobits.

The indulgence of the Office to make correction is respectfully requested and any costs associated therewith are to be charged to the Deposit Account No. 18-1425 of the undersigned attorneys.

Entry of this amendment is therefore respectfully requested.

Very respectfully,

RINES AND RINES
